Water-Efficient Product
Kitchen Faucets: Flow Rate of 1.8 gpm or 1.5 gpm versus Industry Standard ASME A112.18.1/CSA B125.1 of 2.2 gpm.

Lavatory Faucets: Flow Rate of 1.2 gpm or lower versus Industry Standard ASME A112.18.1/CSA B125.1 of 2.2 gpm.

Shower Heads and Hand Showers: Flow Rate of 1.5 to 2.0 gpm versus Industry Standard ASME A112.18.1/CSA B125.1 of 2.5 gpm.

WaterSense® Labeled Product
Lavatory Faucets: Flow Rate of 1.2 gpm or 1.0 gpm as marked versus Industry Standard ASME A112.18.1/CSA B125.1 of 2.2 gpm.

Shower Heads and Hand Showers: Flow Rate of 1.5 to 2.0 gpm versus Industry Standard ASME A112.18.1/CSA B125.1 of 2.5 gpm.

Command Your Kitchen.

Touch₂O® Technology

Tap it on. Tap it off. Delta® Touch₂O® Technology makes kitchen tasks easy: simply tap anywhere on the spout or handle with your wrist or forearm to start and stop the flow of water.

The convenience and control can be experienced across a variety of our kitchen collections.

VoicelQ™ Technology

Delta® VoicelQ™ Technology pairs with Amazon® Alexa®- and Google® Assistant-enabled devices to dispense exactly the amount of water needed with hands-free voice activation. Command the faucet to turn on and off, warm the water, dispense a metered amount or fill custom containers like a coffee pot.

Activate “handwash mode” feature to make it a little easier to practice CDC-recommended handwashing techniques.

Trade Exclusives

Delta Faucet Company is committed to Trade advocacy, and it will continue to be built upon, now and into the future. Among these commitments are Delta® brand's Trade exclusive collections. These collections are available only to Delta Trade customers' brick-and-mortar locations and their authorized online stores.
