OUTDOOR KITCHENS + GRILLS

BLAZE

# Our Story

## We set out to create a line of grills and outdoor kitchen products that wouldn't break down.

That was the beginning for Blaze. We studied and inspected what was currently on the market, identified the weaknesses and then started from scratch. What emerged was a collection of products that were easy to use and engineered to last, backed by a best-in-class, lifetime warranty*—because we mean it.

**Learn more about our industry-leading warranty at blazegrills.com/warranty*

# Effortless by Design

**The Blaze product line isn't complicated (like other brands).**

We design products that allow everyone to experience their high quality. But simple to use and maintain doesn't mean unsophisticated.

Our style combines sleek and modern elements so that each Blaze product is constructed to meet our standards of excellence *and* efficiency.

Engineered
for Life
To this day, we build outdoor living products better.
Well after other brands have been left on the curb, Blaze grills and outdoor kitchen equipment will continue to serve as centerpieces for our customers' spaces. That's what makes us Blaze. Visit **blazegrills.com** to find a local or online retailer.
Better designs.

# Our Warranty

## Proud to Stand Behind Every Product

Blaze gas grills are backed by a best-in-class, lifetime warranty that warrants against any defects in the manufacturing and workmanship on the cooking grids, stainless steel housing, stainless steel burners, flame tamers, heat zone separators, control valves, and all other stainless steel components.

*Electrical and ignition components are covered for one year after the date of purchase. Grills must be registered within thirty days for the warranty to apply.*

# Our Collections

**We're proud to offer products for every outdoor cooking need, from the weekend griller to the most dedicated outdoor chef.**

The cornerstone of our entire catalog, these grills—and their corresponding burners or specialty cookers—embody Blaze: effortless by design, engineered for life.

## BCM

Our designated workhorse, the BCM features the foundation of our higher-end models but without the added performance features for pure, uncomplicated grilling.

## LTE+

The LTE+ is our bestseller for good reason: solid construction and strategic engineering combine to deliver a premium outdoor cooking experience every single time.

## LTE PRO

The LTE PRO is our most advanced model. Its cutting-edge design includes a digital temperature screen and upgrades to provide intense power with minimal effort.

## LUX

In a class of its own, the LUX is an intentionally streamlined model built with the thickest stainless steel components for exceptional performance and a luxury aesthetic.

# Ceramic Flame Tamers

**Intended to replace your standard flame tamer set, these Ceramic Flame Tamers are the perfect upgrade for those seeking to enhance their grilling capabilities.**

Enjoy better-tasting food as the ceramic rods absorb drippings from your cook and vaporize them, creating a flavorful smoke that infuses into the food. But vaporization doesn't mean flare-ups because the round design allows grease to easily roll off, making grilling safe and more convenient, especially when cooking fatty meats.

It's the perfect addition to your Blaze grill, providing even heat and maximum flavor with minimum maintenance.

Designed for use with all sizes of BCM, LTE+, and LTE PRO gas grills only. Not for use with LUX grills.

- 304 stainless steel flame tamer tray paired with ceramic rods delivers enhanced flavor.
- Built to withstand high temperatures without deteriorating and less likely to rust/degrade.
- Engineered to deliver intense yet uniform heat, perfect for cooking a variety of dishes.
- Reduce flare-ups with round rod design, allowing grease to vaporize and roll off easily.
- Food debris can be easily burned off after each cook for the easiest cleanup.

BLZ-CRM-TMR

## FEATURES:

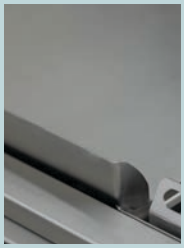

**Heavy-Duty Surface**

Reinforced stainless steel cooking surface retains more heat.

**Digital Temperature Screen**

Enhanced control panel reads temperature from 3 zones + 3 meat probes.

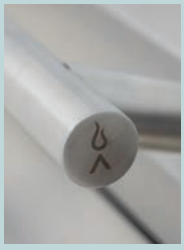

**Adjustable Surface**

Integrated leveling screws can adjust the surface according to foods being cooked.

**Full-Size Drip Trough**

Drop-in-place drip trough simplifies grease management and improves safety.

**Ergonomic Handle**

“H” handle with rotating center ensures ease of use when lifting the lid.

**Sound Dampers**

Cushioned sound dampers prevent the attached lid from ever slamming shut.

### 40-INCH

# LTE PRO Gas Griddle

**Built with a reinforced cooking surface and attached lid, the LTE PRO Griddle is the heaviest in its class, promising exceptional durability and longevity. Its modern design ensures even heat across the 40-inch surface for the most consistent results.**

The three separate cooking zones provide complete cooking versatility, with the three burners efficiently producing 15,000 BTUs each, for a total of 45,000 BTUs. Add in innovations like non-slip, knurled knobs featuring LED lights with temperature indicators for safety and you’ve got a restaurant-caliber griddle that delivers professional-grade performance in your yard.

## FEATURES:

**Molded Exhaust Cap**

Cast-molded exhaust cap allows for precise heat control.

**1-Inch-Thick Cast Aluminum**

This design adds unparalleled durability.

**Lift Assist**

Pre-installed lid hinge with lift assist allows for easy opening and burping of the kamado.

**Cooking Grid**

20-inch diameter stainless steel hex-shaped cooking surface provides exceptional heat retention and beautiful sear marks.

**Hinged Cooking Surface**

Hinged cooking surface allows for the convenient addition of wood or charcoal without removing the grates.

**Tongue-and-Groove Seal**

Instead of the traditional gasket design, which often needs replacement because of wear and tear, the tongue-and-groove seal helps the lid last longer and better lock in smoke.

### 20-INCH CAST ALUMINUM

# Kamado Grill

**Blaze took lessons learned from centuries of kamado-style cooking and introduced a modern twist by building this patented kamado* with 1-inch-thick solid cast aluminum.**

This cast aluminum design provides unparalleled durability—whether it's exposed to extreme saltwater or any other conditions that would wreak havoc on a ceramic kamado—plus the same outstanding temperature control and heat retention traditional kamados are so well known for.

With a lifetime warranty on the cast aluminum body and other key components, kamado purists can confidently break from tradition to experience a superior grill engineered for luxury cooking.

# Vent Hoods

**The Outdoor Vent Hoods ensure smoke never creates concern, thanks to a deep hood canopy and powerful motor system.**

Designed to assist with dispersing accumulated gases and exhaust, these hoods feature industry-leading 36-inch, 42-inch, or 48-inch depth, offering more coverage of the cooking space to capture larger quantities of smoke and heat.

That much size and power allow our hoods to be installed farther from the grill than other hoods, creating a cleaner and less cluttered cooking area.

**BLZ-48-VHOOD2**
Dimensions: 48” W x 36” D x 18” H

- Large canopy depth maximizes the capture range of the vent hood.
- Independent and individually controlled 1,000 CFM, 4-speed motors provide exceptional smoke removal.
- Higher allowable installation height creates a more comfortable work area.
- 4 halogen lights illuminate your cooking surface with 3 lighting temperatures.
- Innovative grease-free controls with lighted facing.
- Reversible motors and back-venting options keep you in constant control.
- Improved grease management system keeps cleanup simple while protecting internal components.
- Redesigned control knobs for easier temperature adjustments.
- Refined interior layout for easier serviceability.

# Safety + Functional Essentials

## Wind Guards

Wind guards protect your grill (and your cook) in high wind areas, such as coastal regions or balconies. This guard helps to ensure the burners stay lit and stable, greatly reducing the risk of flare-ups. Able to withstand 25 mph winds, our wind guards will help to create a more controlled cooking environment.
