# ELEVATED DESIGN FOR EVERYDAY LIVING

At **KRAUS**®, we believe great design can transform people and spaces, and it doesn't have to come with a high price tag. That's why we offer industry-leading kitchen sinks and faucets that combine meaningful innovation with elevated design for everyday living – grounded in value, defined by style, and built for real life. Beyond aesthetics, every product is backed by a Lifetime Limited Warranty and top-rated US-based customer service to ensure a hassle-free experience for years to come. With a wide range of options in size, finish, functionality, and technology, KRAUS® makes it easy to find the perfect fit and experience Elevated Design for Everyday Living™

# ENGINEERED FOR EXCELLENCE

## **Designed to Fit Your Lifestyle**

Modern design must be adaptable and universal to account for the increasing need for flexible spaces and ever-evolving style preferences. Product innovation should be meaningful and authentic to make life easier so you can spend more time enjoying small moments of beauty and connection like prepping fresh ingredients, cooking with family, and entertaining friends.

## **Customizable for Every Space**

We strive to create customizable products that can adapt to the way individual customers use their space, enhancing the usability of the kitchen. We've designed our workstation sinks to be compatible with a selection of functional accessories that make them highly adaptable to any space, and each of our kitchen and bathroom faucets are designed with universal aesthetics that allow them to fit seamlessly with a wide variety of decor and style preferences.

## **Function Meets Beauty**

We're focused on creating sinks and faucets that go beyond the basics, adding standout functionality and style to transform every space. Each of our products is designed with small details that make them more intuitive, streamlined, and ergonomic. By sourcing top-quality materials from around the world and optimizing production, we deliver high-end quality at competitive prices. Our kitchen and bathroom solutions are packed with features that make everyday tasks easier, because we believe great design should be both beautiful and highly functional, creating spaces where people can gather and enjoy life to the fullest.

# SINK INNOVATIONS

## TRU16

### **TRU16™ REAL 16-GAUGE STEEL**

Thicker steel means a stronger sink. Kraus® uses heavy-duty extra thick TRU16™ Gauge Stainless Steel resulting in a sink that is noticeably sturdy with a quality look and feel. Sinks constructed using TRU16™ Gauge Stainless Steel offer long-lasting durability, with excellent resistance to corrosion, dents, and damage.

### **NOISEDEFEND™ SOUNDPROOFING TECHNOLOGY**

NoiseDefend™ sound dampening technology features large super-silencer pads on all sides of the sink that help prevent noise and vibration from dishes and garbage disposal when the sink is in use. Anti-condensation undercoating reduces the risk of moisture build-up, helping prevent damage to the base cabinet.

## DuraShield™

### **DURASHIELD™ PVD TECHNOLOGY**

DuraShield™ PVD finish application results in a color coating that bonds completely to the steel, greatly improving durability and cleanability with superior resistance to abrasion, chips, and corrosion. Sandblasted matte texture helps prevent water spots and fingerprints for easy maintenance.

### **KORE™ WORKSTATION SINK LEDGE**

Workstation sinks are engineered with an integrated ledge that allows you to slide accessories across the sink so you can cut, prep, serve, and clean up right over the sink without losing any workspace on the kitchen counter. Helps to create a multifunctional workspace to streamline all your kitchen tasks.

### **METALLTEK™ QUARTZ COMPOSITE**

Combining natural quartz with high-quality acrylic resin and polished metal particles, MetallTek™ quartz composite material creates a shimmering effect with the look and feel of real stone, and is designed to stand up to daily use with excellent cleanability and resistance to thermal shock, chipping, and discoloration

### **T-316 MARINE GRADE STAINLESS STEEL**

Engineered for extreme resistance to corrosion and rust, marine-grade T-316 Stainless Steel makes a perfect solution for outdoor applications, coastal environments, patios, and RV kitchens where enhanced durability is essential

### **EZSTACK™ NESTED PACKAGING**

Sinks designed with nested dimensions allow for easy storage and transportation. To accommodate large projects for builders these sinks stack perfectly, increasing efficiency for everything from shipping to delivery to job-site containment

# KITCHEN SINKS

## **Functionality for Any Lifestyle**

KRAUS® offers a range of options to suit every need and satisfy any style preference. Choose from a variety of sinks in a range of sizes and materials, from stylish granite composite and durable stainless steel sinks to beautifully timeless fireclay sinks that elevate the style of any kitchen. Our portfolio includes a variety of kitchen sinks in every major mounting style to help make your next build or kitchen renovation project a success. Undermount sinks mount directly to the underside of the countertop, offering a beautifully streamlined look with a seamless transition from sink to countertop. Drop-in and dual mount sinks are easy to install and make a great replacement option for sinks that need to fit in an existing countertop cutout. Farmhouse sinks create a striking focal point, with extra-deep basins that can fit all of your dishes and large cookware. We also carry a wide selection of sinks for specialty applications, including durable outdoor sinks made with marine-grade steel, deep heavy-duty laundry/utility sinks, ADA-compliant workstations with modern design, and bar sinks in a range of style options.

# KORE™

## STAINLESS STEEL / PVD BLACK STAINLESS STEEL WORKSTATION SERIES

Discover a whole new way to cook, serve, and entertain with the Kore™ Workstation Series. Offering workstation functionality in the most popular sink material, all Kore™ Workstation Sinks are made with KRAUS TRU16™ – our thickest stainless steel – for commercial-grade durability. Engineered for enhanced functionality, an integrated ledge supports accessories that slide across the sink, streamlining all your kitchen tasks from meal prep to cleanup. Custom-fit accessories including cutting boards, roll-up drying racks, and serving sets with mixing bowls and colanders allow you to work right over the sink without taking up an inch of counter space

### **WORKSTATION DESIGN**

Allows you to work directly over the sink saving countertop space

### **PREMIUM ACCESSORIES**

Included with the sink to help you tackle a variety of kitchen tasks

### **WEAR-RESISTANT SATIN FINISH**

Smooth easy-to-clean surface helps resist corrosion and rust

### **NOISEDEFEND™ TECHNOLOGY**

Super-silencer pads on all sides of the sink help prevent noise
